

```
const puppeteer =
require('puppeteer');
async function run() {
    const browser = await
puppeteer.launch();
    const page = await
browser.newPage();
    await
page.goto('https://www.skysca
nner.com');
    await page.screenshot({
path:
'screenshots/skyscanner.png'
});
    browser.close();
}

run();
```
